coeur de Lion

the grass is high . . .

the fields are ripe . . .

it's the springtime of my life.

foreword

As the Beauty of Nature is at its peak in the Springtime, so is life at its apex in Youth. The glory of Spring; the fresh, bright, green countryside that slowly overtakes the coldness of winter is in parity with the freshness of ideas that overtake the mind in Youth. The overwhelming generosity of spring, exemplified by her gracious sharing of her beauty with the world, is parallel to the generosity of the youhtful mind, always willing to share its joy with others. Yes, Spring and Youth do have many things in common, from their beauty to their violent changes in mood, but the two are separate. To enjoy life in the Springtime, to enjoy life during Youth, these enable man to bear the problems that he might begin to realize. And yet, man can not enjoy the one without having the other to enjoy, and, even though Spring and Youth are different, they share such a great common bond that they are equatable. And so when journeying through life, and stopping at the period known as Youth, it might seem more truthful to say as Paul Simon does: "The grass is high the fields are ripe, it's the Springtime of my life."

administration

In an age when men find themselves reevaluating and questioning the very traditions that they once cherished, it seems ironic that the Catholic School System, which itself is rich in tradition, is so near extinction. Yet, the Parochial System has offered more than just tradition to those who sought to learn from it. It has given to them the most valuable gift possible: the gift of Christian Love. How marvelous is the sense of Christian commitment found in the Catholic School! How truly beautiful is the spirit of love prevalent in the community of Parochial education. This truly wonderful atmosphere found in the Catholic School is the prime cause for the survival of the Catholic System of education. The example of love and selflessness perpetrated by a dedicated clergy is what will enable the Parochial Schools to survive their present crisis, so that they might remain as they always have: A Bulwark of Christianity.

THE GRASS IS HIGH, THE FIELDS ARE RIPE, IT'S THE SPRINGTIME OF MY LIFE

faculty

In order that nature blossom forth to produce the glory of Spring, it is necessary that patient individuals cultivate the seeds. If youth is to blossom into its fullest potential, it is necessary for prudent and dedicated individuals to help cultivate the youthful mind. The mind that will someday make decisions enabling men to live in an unending Spring.

PRINCIPAL

All great civilizations have had their peak period. Greece had its Golden Age, Rome had its Pax Romana, and now O'Hara has its Age of the Big O. It is the fondest hope of all, both faculty and students, that under the leadership of our new principal, Father McCloskey, O'Hara will continue to grow and prosper so that we will become #1 spiritually, academically, athletically, and socially in our community.

THE GRASS IS HIGH, THE FIELDS ARE RIPE, IT'S THE SPRINGTIME OF MY LIFE

For a seed to grow it must spread its roots in many directions; it must seek life. So, too, if we are to grow we must be willing to give ourselves to others, for in this way we find ourselves.

STUDENT COUNCIL

Although the Student Council is the most criticized organization in the school, most students still strive, enthusiastically, for a position in this body. Those students who have succeeded, try their best to establish a well balanced relationship between the faculty and the student body. It is in this relationship that a school grows both in spirit and in excellence, and so, the efforts of the Student Council contribute in making O'Hara #1.

The Seven Tops???????

MARCHING UNIT

Through the efforts and abilities of the Band, Majorettes, Color Guard, and O'Hara Girls, O'Hara has maintained a high standard in half-time shows and various competitions. The steady rhythm of drums pounding and feet marching have formed a pulse which keeps school spirit alive and spreading.

COMMUNITY SERVICE CORPS

The Community Service Corps best answers the question—"What's it all about?" It's all about helping others—little boys and girls—to grow up in the feeling that they have something to give others. It means not sitting back and reading and talking about problems but getting knowledge first hand. It's giving up time and things one would like to do so that someone else can be happier.

MAME

On Thanksgiving night 1969, a great lady came to the O'Hara Stage—"Mame." She caused such excitement that over 1000 students tried to be part of her, and over 14,000 people came to greet her. All connected with her stay should really be proud of this great lady.

"We think you're just sensational—MAME."

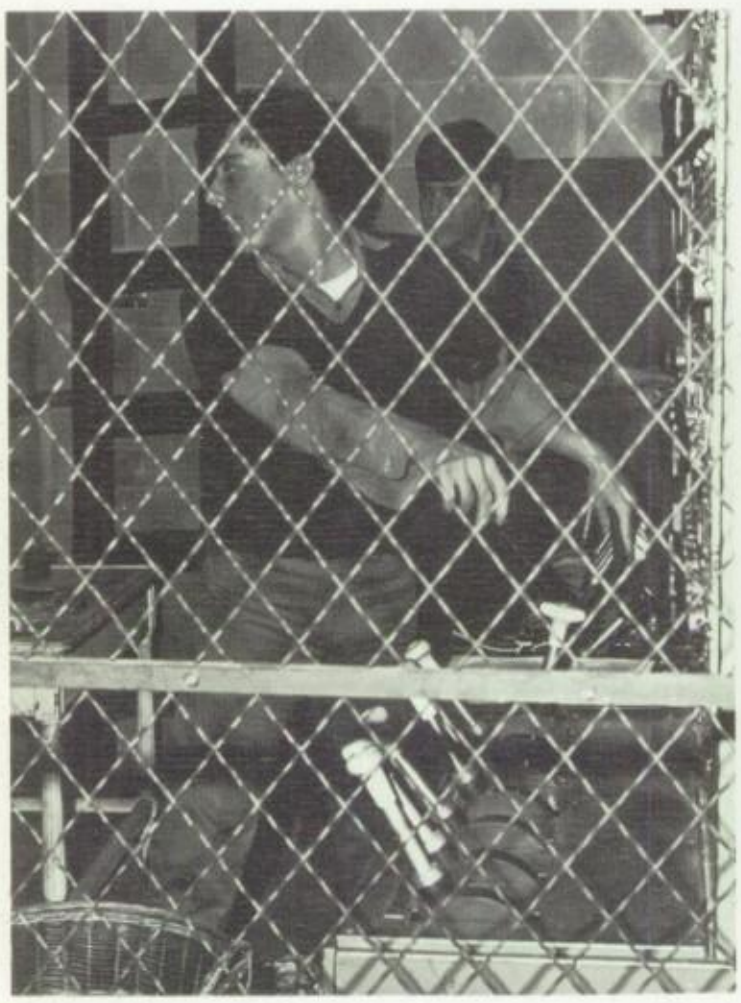
STAGE CREW

The greatest gift a man can give is himself. Bob Wisniewski has given this gift. O'Hara has accepted it and proudly displayed it for all to see. For three years Bob has been stage manager and head of construction for all shows, musicales, and whatever else appeared on the O'Hara stage.

This was only part of him. There was more—assemblies, manger in the lobby, soph hop, dances, days, nights, weekends—these were the rest of him which will make it hard for O'Hara to forget a great gift—Bob Wisniewski.



President of the Girls' Stage Crew, Cappy Lewis

MUSICALE

The big arch of Radio City Music Hall and "Music of America"—from The Spirit of '76 to Hello Dolly—replaced the traditional musicale format but continued to present the best in O'Hara's musical talent.

SERVICE CLUB

Without the Service Club many of us would never have been able to cheer throughout the second half of any game. Their refreshing Cokes helped relieve the parched feeling in our overworked throats. The Service Club, by allowing our voices to continue the unified cry of "Go Lions Go," boosted the morale of our team.

BLUE HAZE

In a school noted for its musicales, one singing group, the Blue Haze, stands out by virtue of its history of excellence. Year after year seniors graduate and their places are taken by younger students but the quality continues. Known rather widely outside the walls of O'Hara, the Blue Haze has staged many concerts and engagements, and never have they completed a performance without winning the wholehearted approval of their audience.

BOOSTER CLUB

School Spirit plays an important role in the development of a school. Without spirit and enthusiasm, a school is nothing but bricks, glass, and steel; with spirit and enthusiasm the school is transformed into a living body, acting as the heart which pumps life into all the body's parts. At O'Hara this function is carried on by our Booster Club, and we thank them for their time and effort.

ART CLUB

The art club gives the students, who are artistically inclined, the opportunity to express their talent. These students are responsible for many of the signs being displayed around the school.

LIBRARY AIDES

Service to others describes the Library Aides. From the time the first buses arrive in the morning until the last leave in the late afternoon, they help others with such things as that needed research paper, use of the library, and just finding a "good book."

SODALITY

In our youth we develop the Christian attitudes which we carry throughout life. Sodality has set these as their goals through their many activities and achievements both in and out of O'Hara.

CHAPEL AIDES

As part of the Christian Community, we at O'Hara have the opportunity to join this community in partaking in the Sacrifice of the Mass. The Chapel Aides offer their time and talents to prepare the altar. The cruets are always filled, and the linens are never anything less than perfect due to the untiring endeavors of these young women.

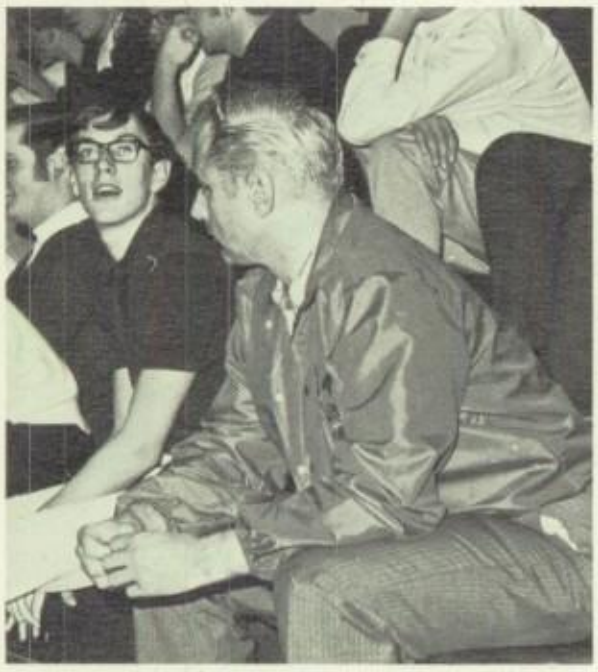
LEADERS CLUB

Any girl who has ever experienced being between parallel bars, looking up at the rings, being the only one out of step, or forgetting the end of "chicken fat" has grown to know, love, and appreciate the Leaders Club.

ALUMNI

Those in the Lion's class of '70, who have truly developed a unique love and pride in O'Hara, shall again unite as the O'Hara Alumni '70.

FATHERS GUILD



MOTHERS GUILD

The Fathers' and Mothers' Guilds are a strong argument against the generation gap. They are for parents who want to be involved and certainly will never be mistaken for spectators even by the casual observer. From the Fall fair to the Summer vacation, they make O'Hara youth their number one concern.

T.V. CREW

Although only in its third year of existence, the O'Hara TV crew has established itself as one of the finest organizations in the school. This year the television crew broadcasts morning announcements to their listeners. They have also aired commercials for such school activities as the Junior Prom, the Christmas Ball, and Homecoming Day.

AUDIO-VISUAL CLUB

CAMERA CLUB

The Camera Club is more of a school organization than a club. Its members take and process hundreds of pictures for use by the school. Although they are confined to a dark room the size of a broom closet, this club put out some of the best photographs around. The yearbook and O'Herald would be virtually lost without the fine work of this group of professionals.

PROGRESSIVE MUSIC CLUB

Music is the language that everybody is able to understand. One of the newest clubs here at O'Hara, the Progressive Music Club, offers the student a chance to communicate his views on various songs to his fellow students.

WORLD AFFAIRS CLUB

With the lowering of the voting age to eighteen almost a reality, the young citizen will most certainly need to have an idea of the shape in which the world is in. The World Affairs Club tries to bring the troubles of the world down to a level which we can understand through discusssions and debates.

DIALOGS

Dialogs is like a Trilo lying along the roadside. It is there only for those who notice it, trip over it, perhaps. Not everyone finds it, and of those who do, no two are likely to find the same use for it. Some will wear it; others will eat it; some might even take it to the Royal Ball. Whoever discovers a Trilo leaves his own distinctive mark on it. Those of us who found Dialogs this year, swollen with malnutrition, were content to give it a hot meal and room for the night. We hope Dialogs will now be a little friendlier towards strangers.

O'HERALD

In a large school with many students the job of keeping "in touch" is a difficult one. The student newspaper, the O'Herald, tackles this job every month. It offers the students the chance to catch up with the world of sports and shows as well the many other activities which take place around O'Hara. It also gives the students a chance to speak out and express their views.

COEUR DE LION

The afternoons were filled with music, laughter, and taffies. Occasionally, we'd venture into the wilderness to enjoy a game of football. There were even times when we'd go as far as to throw a "silent" party. To a casual observer these might seem unrelated but to those of us who shared these experiences they meant YEARBOOK.

Tearing up the yardlines, the Lion, in the form of our football team, proved that "it's gettin' better." Great team effort and faithful student support helped the Lion to experience a roaring success in its best season since O'Hara's opening. Even though sometimes tackled and intercepted, the Lion's crown always stays in tact.

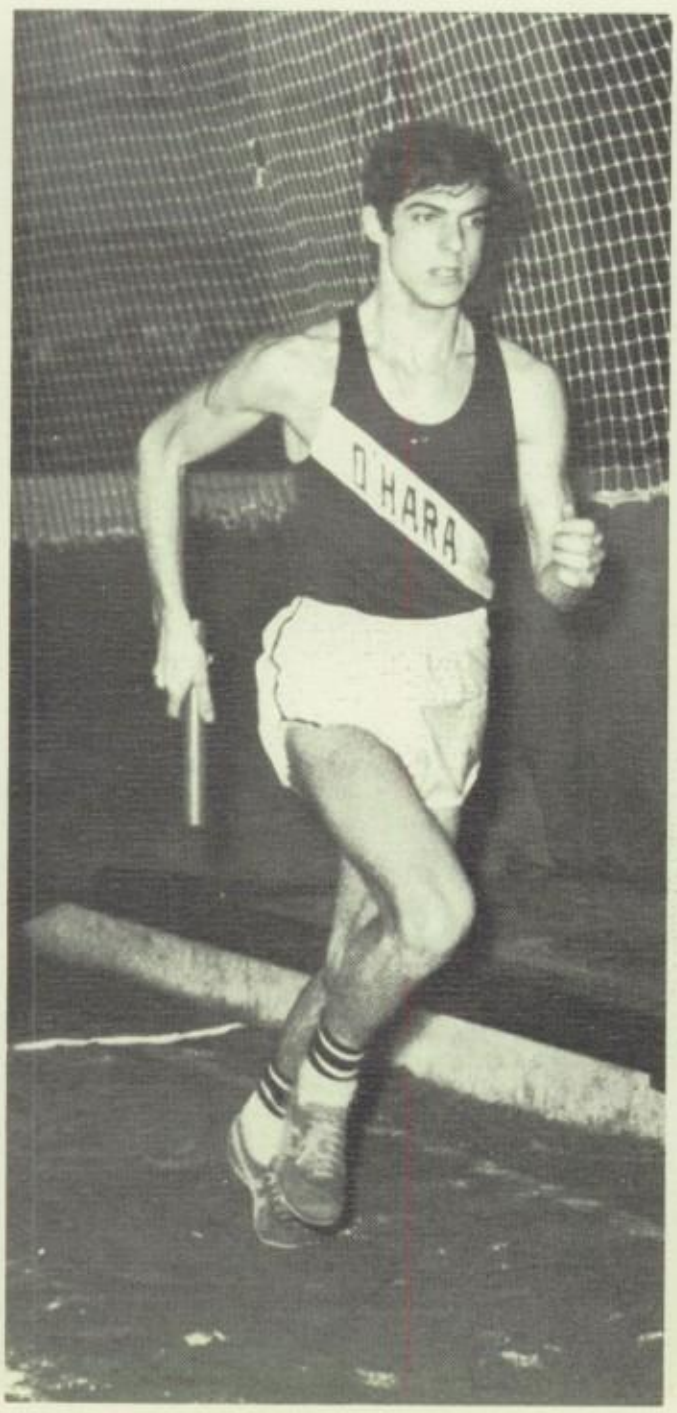
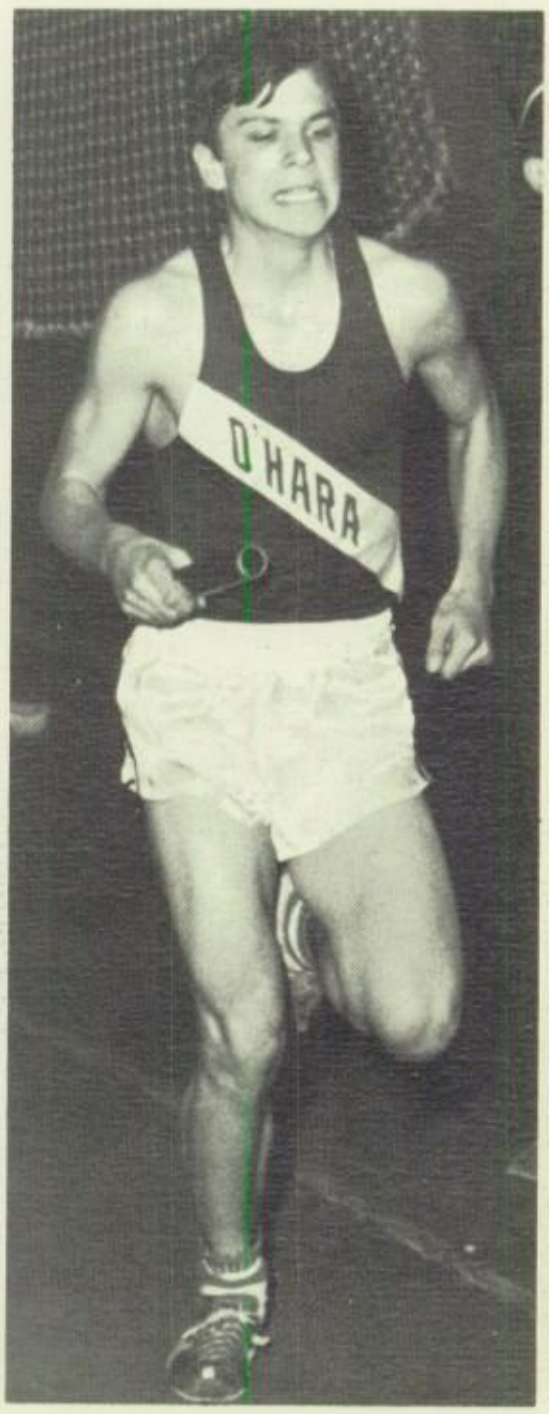
Unlike most other sports, a track victory is based upon individual competition. Each time a participant excels to win, his team profits. O'Hara was very lucky this year, the team was very much to the school's credit.





TENNIS

O'Hara boys' tennis team had a very impressive season this year. They started off with a victory and followed it up with ten more. Because of outstanding team work, they made it to the playoffs. Here they won the first game of their trial, but in the second, they met their match. The team's only loss was to the twice-defeated St. Joe's Prep after a real battle. The final score was three to two.

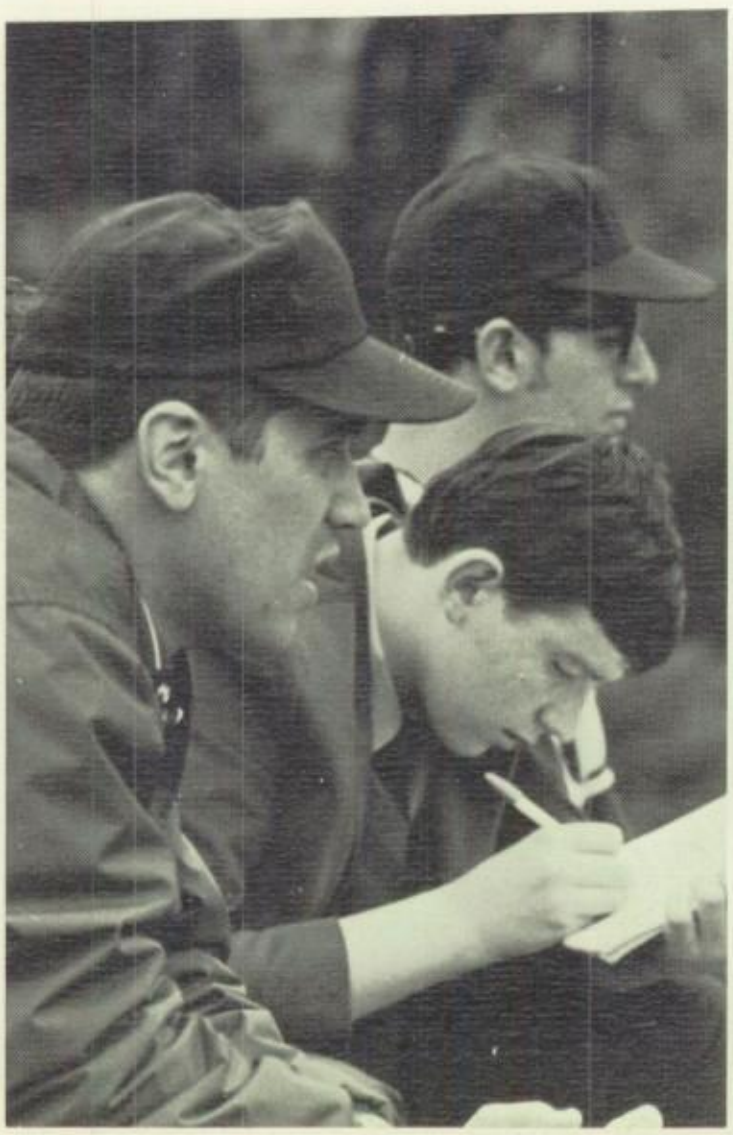
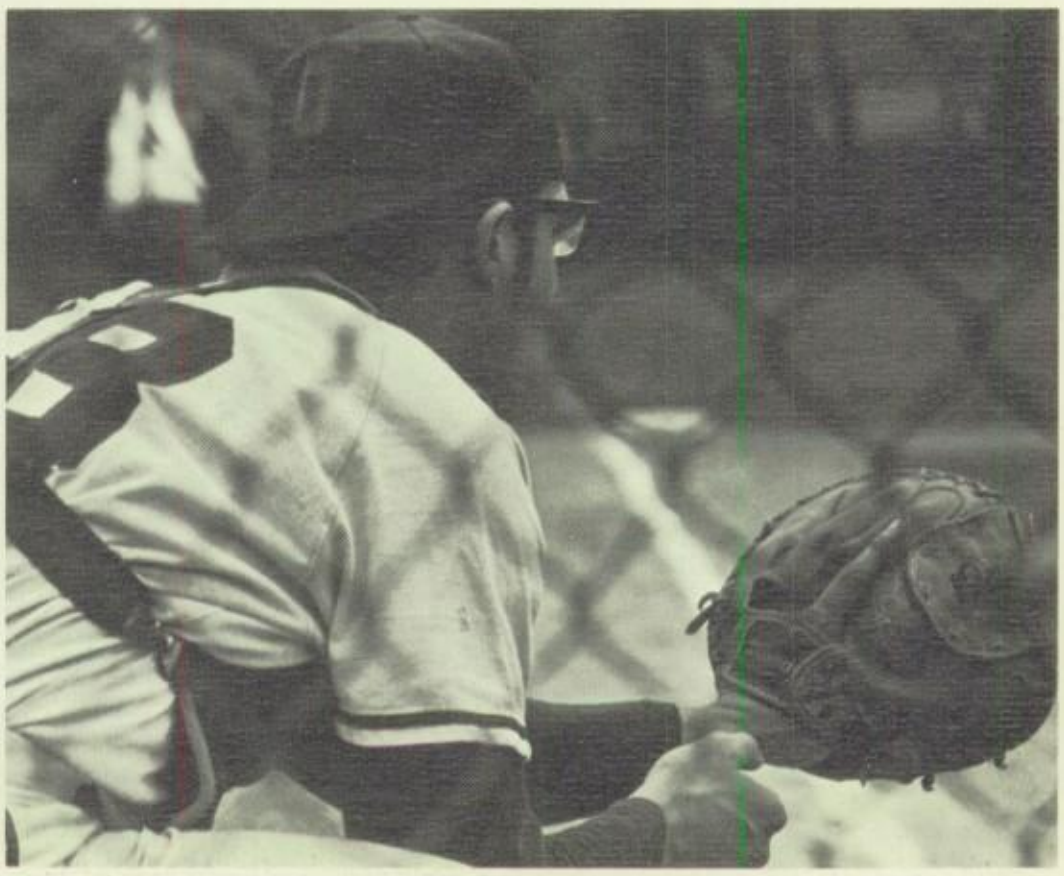
Baseball at O'Hara is King. Defeat is virtually unknown. The baseball team has consistently been an example of both talent and sportsmanship. The team has been successful in its attempt to work effectively as a unit. Likewise, the performance given by each of the nine men on the diamond has exemplified the amount of talent present in the team.





GOLF

After long hours of practice on the links, the O'Hara Golf Team began another season in the spring of '70. The men are anxious to preserve the fact that O'Hara's team is one of the best in the league.

The ancient Romans put much value in the statement "A sound mind in a sound body." Here at O'Hara, there is an equal stress placed on physical ability as there is on mental capability. An example of this is seen in our extensive sports program.

Probably, the most popular sport at O'Hara is basketball. During the early months of the calendar year, every loyal, spirited student is seen in our gym, attesting to the Spirit which is uniquely O'Hara's. The team, toiling through the long and strenuous hours of practice, perform their unexcelled best. Although we occasionally might suffer a minor defeat, we still possess the good sportsmanship which is mandatory in all competitive events. We still show enthusiasm for all of our other sports, but basketball is the epitomy of all that is O'Hara.

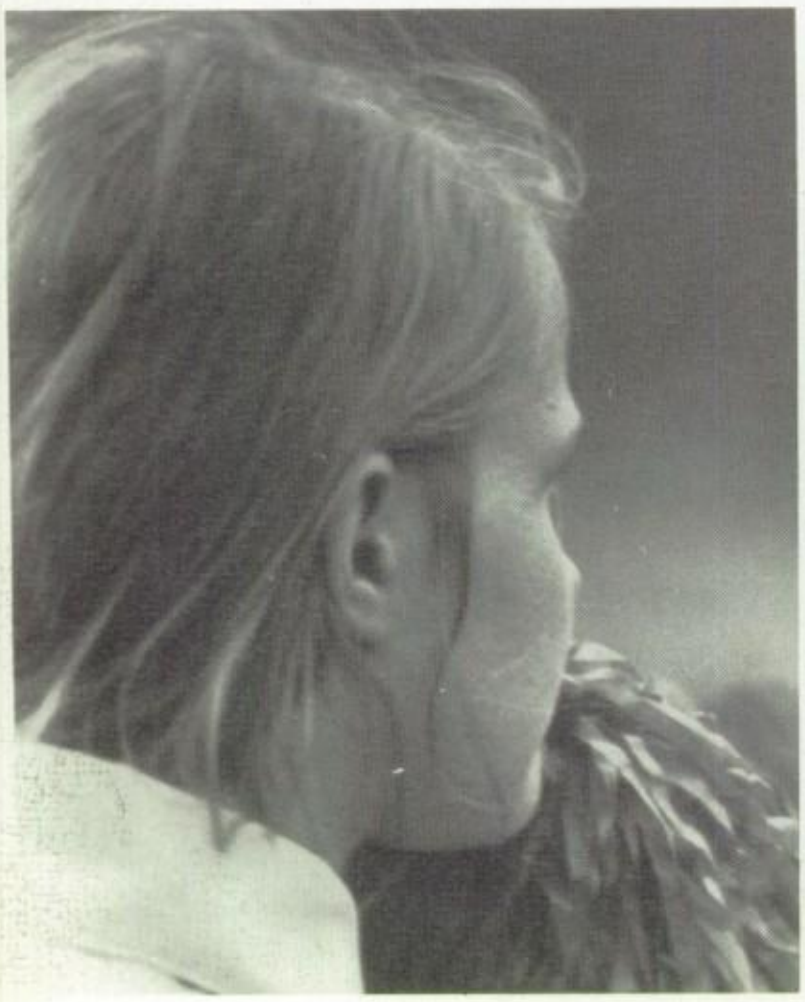
THE GRASS IS HIGH, THE FIELDS ARE RIPE, IT'S THE SPRINGTIME OF MY LIFE

Freshmen, Sophomores, Juniors, Seniors:
To think that we've been known as all of these
Yet of all the titles by which we've been known,
The one of which we are most proud,
The one that has left its mark on everything we've touched

— The Lions: Class of '70

seniors

As the winter blooms into spring, so have we blossomed into men and women, ready and willing to give ourselves to the world.



In this age when the world needs unity, it is a credit to our friends, our teachers, and our parents that we've been able to become one in spirit at O'Hara. To continue this spirit is our goal.

I will take my life into my hands,
and I will use it,
I will have the things that I desire,
and my passions flow
like rivers through the sky,
and after all the loves of my life,
and after all the loves of my life,
I'll be thinking of you,
and wondering why.
